

COVINGTON

YOUTH SOCCER ASSOCIATION

HOME OF COVINGTONFC

Become a Covington Youth Soccer Association (CYSA) Sponsor

- The goal of the CYSA is to teach, promote, and govern the game of soccer for the benefit of the players, parents, and community of Covington and the surrounding area. We are proud of our family friendly culture, and our reputation as the best developmental soccer program in the Northshore. We believe what separates our Club from others is the love and energy that our volunteers bring each day during the season.

CYSA supports hundreds of families throughout our community. We currently have over 25 teams and are growing rapidly! Our recreational and Juniors Academy teams hold games and festivals with local and regional teams. We support local high schools including Covington High and Hannan. CYSA proudly hosts Happyfeet, an innovative program for kids aged 2-5, which has over 150 attendees per session.

We hope you will join our team by making a tax deductible donation, or by becoming a sponsor. Our sponsorship program allows CYSA to continue our strong tradition by supporting infrastructure and enhancements that benefit families throughout the North Shore. We are proud of the number of children we have the privilege to coach and/or host and we hope you will join our team!

Interested parties can contact Scott Gristina (sgristina@gmail.com 985-630-4954), or you can mail donations directly to CYSA using the address listed below. Donations are tax-deductible.

Why associate your brand with CYSA?

- You will have a direct impact on the lives of local families. CYSA receives no monetary support from the City of Covington or St. Tammany Parish. Unlike many local clubs, CYSA has no employees and is supported and maintained

entirely by volunteers. Your sponsorship and/or donations are invaluable and go toward improving the equipment, uniforms, and facilities.

- You will gain visibility and connect with soccer families across Louisiana and the southeast region. Our families are passionate about the game of soccer and about their children. They are proud to represent their community and they identify with and support the sponsors and donors that support CYSA.

How does your support promote healthy lifestyles and facilitate valuable life lessons at an early age?

- CYSA offers recreational, academy, and competitive soccer programs. Beginning at age 3, players develop balance, coordination, strength, endurance, flexibility, ball control, and social-emotional skills - all of which set up a strong foundation for growth, not only as a soccer player, but in regard to personal growth as well.
- Our volunteer coaches implement excellent soccer training and they believe that this game helps children develop in a holistic manner. As children grow and develop in soccer with CYSA, they begin to build relationships, collaborate with teammates, foster good attitudes, develop communication and sportsmanship, as well as many other positive life skills.
